As One Goes Around

Just about 1000 miles, almost due North of Seattle, you come to Haines at the head of the Inside Passage. I remember the little garrison and its boat, The Peterson, on which the Army Corps members used to get to Juneau and Skagway. Chilkat barracks, Haines, Alaska, was a needed Army post in the earlier days. It was at Haines, Jack Dalton struck out to find a trail to the Klondyke by way of the Porcupine which would avoid the difficult Dyea and Chilkoot passes just as you began the climb toward the summit. Jack Dalton did find a trail and for years it was used and is still known as The Dalton Trail. The Alaska Steamship Company maintained an Agency at Haines and my old friend Ike Sowerby was agent, but now, after 57 years of useful life, the barracks at Chilkoot, of which Haines was the postoffice, are to be abolished and an entire Alaskan town is to be sold by the Government. Complete with power plant and dock, it is being offered by the United States Land Office. The property to be sold includes 400 acres of land on Chilkat Peninsula, about a quarter of a mile south of the town of Haines, together with buildings and improvements to accommodate a garrison of 1,000 men. Situated on the post are a hospital, jail, firehouse, bowling alleys, carpenter shop, bakery, blacksmith shop, ice house, tailor shop, tennis court, telephone facilities, sewer system, walks and an electric system. The reservation was established in 1899, is located in an area surrounded by snow-capped mountains, unsurpassed for scenic beauty. At the time the great labor war between the Alaska Treadwell Gold Mining Company and the Western Federation of Miners was going on at Douglas Island, Alaska, Haines was the nearest relief post and, when an outbreak between the Unionists and the Federal authorities at Juneau got out of bounds, we used to have to cable the troops at Haines, 100 miles away, for soldiers and we were always glad to see the whistle of The Peterson as she nosed around the point at Lynn Canal to come into Gastineau Channel. When the Peterson from Fort Seward with the soldiers aboard, got to Juneau the Federationists would assume an almost Quaker attitude. The great Alaska labor war raged and waned and now where troops, bristling with guns abounded, lank grey-black Alaska wolves will slink and howl out their woe amid the snow at night at Haines.

★ KEEP BUYING VICTORY BONDS ★

It was not a very deep store but it carried the most unique insurance against robbery methods I ever saw. The store was known as "La Esperanza" and it was owned by the Cantrello brothers, originally from Seville, Spain. The Esperanza faced Obispo street, the very narrow thoroughfare in Old Havana and its rear walls meshed right into those of the Havana City jail. There were no skylights and the windows on Obispo street were protected at night by heavy iron shutters which carried a uniqueness in protection. Huge iron bolts ran from the inside sill of the window. Each had four inside and outside locks, alternating. The first lock sealed the lower left corner and the second performed like service at the top at the right and then crisscrossed and the two watchmen, always on duty at night, were bolted in and not relieved until the front doors were opened in the morning. A gendarme was never absent from each corner and Obispo street was brilliantly lighted. La Esperanza carried a great stock of jewelry, antiques, perfumes and fabulously priced Spanish gowns for women, and when the tourists came down in winter from New York, did an enormous business. La Esparanza closed every night at 11 o'clock and was open for business in the morning at eight.

He got confidential the other day and told me he was going to quit his job. He had shined my shoes many years at The Saint Francis Hotel barbershop and I always believed he was making money. I asked him the reason and he told me the new management of the hotel had upped the price on shoeshines to 20 cents. Always in the past the cost was 15 cents and the patron invariably gave the 10 cents out of a quarter he tendered for the service to the bootblack. The bootblacks serve as porters as well as shoeshiners. Since the upped price of getting a shine went into effect the nickel, instead of the dime, that was coming to the customers is the tip that has resulted. That splitting of the dime, at the end of the day, leaves much less in tips than when the ten cents "gratification" held sway and the carry home earnings are correspondingly depleted. The solution, the bootblack told me was easy — Just raise the pay of the menial the estimated tip loss he sustained by tip reduction and pass the bite to the customer—It's an old New Deal method.

The fee said to have been demanded by Gardner Johnson, one of the attorneys in the Pacific States Building & Loan Association litigation, which current report has was $400,000 was being discussed the other evening in the city and was favorably and unfavorably commented on. I recall I was in Chicago when Clarence Darrow exacted a million dollar attorney fee for saving the life of young Leo Frank, son of the Sears Roebuck Company executive from being hung—he had committed a heinous sex murder of a little boy—and I was out in New Mexico when Neill B. Field charged the Standard Oil Company $50,000 for a short handling of a suit. Here in Mendocino county a local lawyer—I do not think he even went into court—got $25,000 for clearing up a difference that existed over transfer of some timber land. There is no Union among lawyers, although they do have some kind of a Guild, but even so, when working alone, they appear to take fairly good care of themselves!

SUICIDE URGE PROVOKED THE LEAP INTO SEA

Despondency Alleged Caused The Act Of J. Beltranchini

SAVED BY 2 FIREMEN

Expert Swimmers Go Into Ocean And Rescue Victims

Special Correspondence of The Press

FORT BRAGG, April 15. — A pathetic instance of what condition of mind a man may be reduced to when he becomes a victim of labor troubles involving a strike and the loss of his chance to earn a living is that of John Beltrachini, of Fort Bragg, who attempted suicide here last week.

Told Of Intention.

Mr. Beltrachini met Mr. Baroni the morning on which the attempt at self-destruction took place and told him he intended going to the garbage dump and commit suicide. Little thought was, at first, given the threat by Mr. Baroni, but, a few minutes later, it occurred to Mr. Baroni the man might be actually in a suicide frame of mind and he conferred with Elmer Carlson (both of the men are firemen) informing him what had taken place and the two hurried to the dump and there saw Mr. Beltrachini out in the ocean. The firemen, who are trained in life saving, went into the ocean and brought the man to shore. Mr. Beltrachini was taken to the firehouse immediately where he was given first aid. Dr. Royal Scudder was called. The man was suffering from shock and was taken to Redwood Coast Hospital for treatment.

Strike Provoked Act.

According to Fire Chief Ernest Celeri, who knows Mr. Beltrachini, the man was despondent over the fact he had no money, no work and no job.

Election Was Tame Affair.

The city election did not draw out a very large vote. The following were elected councilmen: C. Louis Wood, Bud Ellison and Vernon Johansen.

Dredging Badly Needed.

Bids are being advertised for dredging Noyo river under an appropriation of $80,000. The channel has been filled up for some time and at low tide it is now almost impossible for the fishing fleet to enter the river.

Brussel Sprouts Acreage Large.

Brussel sprouts are now being planted in the coast section by the Paul Pera Company and they will be brought to Fort Bragg for quick freezing. About 150 acres have been planted at Alder Creek and a much larger acreage is in prospect. The men in charge are from Half Moon bay where they were successful pea growers for a number of years and they also raised brussel sprouts. They will erect a 300,000-gallon reservoir and pump water from Alder Creek to irrigate the fields during the growing season, which is during the summer months.

New Mortician.

Stewart Rose has sold the Rose Mortuary to Robert Kane, of San Francisco.

New Buildings Planned.

Mero Shafsky and the Coast Hardware and Supply Company are both going to build stores to take the place of the one destroyed by the recent fire. Mr. Shafsky will build on the old site and the other firm may build on Main street. The insurance adjusters were here last week and paid all claims.

Couldn't Make Turn.

THE FORKS IS TRANSFORMED —MODERN SPOT

Big Investment Made; Fine Cafe And Modern Market

25 MODERN COTTAGES

Full Course Dinners Are Being Served At $1.50 Plate

After having expended a large amount of money since acquiring The Forks Auto Court property from Clyde C. Brewer some months ago, Mr. and Mrs. Fred Charig and son, Henry L. Blake, have brought about a transformation at the resort three miles north of town.

Is A Veteran.

Mr. Blake, just out of service, has been assisting his parents since being released.

A Modern Grocery.

One of the most modern grocery stores and meat markets are now in operation on the premises and an $8,000 stock of groceries, meats and sundries—a near delicatessen included—is receiving an ever-growing patronage. Flood lights, neon tubing and electric signs brighten the building and surrounding grounds.

Twenty-five Cottages.

The old cottages are being used for the time being because of inability to get hardware to use in constructing new ones, but an entirely modern unit of 25 cottages will be erected as quickly as possible. The lumber has been obtained, as have many of the other needed materials.

Cafe Is Well Planned.

The Cafe has been reconstructed and a cement floor with asphalt tiling covering provided. The dining room will accommodate 160 people at one time. There is a short-order counter, regular dining room space and a number of booths in which meals may be served. Beer and wine and a full fountain service is installed and in the summer a drive-in service, served by girls, will be maintained.

An Al Fresco Porch.

In addition to the space for patrons in the dining room an outdoor screened-in porch department in which meals will be served will be used. The cooking will be prepared by experienced women cooks and they will specialize in home-made pies and pastries.

Expense Not Spared.

The most modern system of refrigeration in the Cafe and the grocery store has been installed. In the dining room a large fireplace will be built in and special chairs and tables have been obtained in San Francisco.

Full Dinner, $1.50.

An innovation is being tried out by Mr. and Mrs. Charig in serving a full French-fried chicken dinner for $1.50. Until summer tourist trade sets in The Cafe will be kept open until 11 o'clock at night. If the truck and tourist trade warrants it, Mr. and Mrs. Charig will operate a round the clock service. In reconstructing the Forks space is being left for a dancing pavilion to be constructed later on.

Many Out Sunday.

The grocery store and meat department, supplied with ample refrigeration, is now ready to serve patrons and Sunday a large number patronized the Cafe and were much pleased with the excellent quality of the meal served and the manner in which it was placed before them. Mr. and Mrs. Charig are experienced hotel and resort people and are amply financed to make their venture at The Forks a complete success.

LOCAL COUPLE HOME FROM 5700-MILE TRIP

Completing a trip of 5700 miles which took them to Temple, Texas, Mr. and Mrs. K. P. Buchanan, who left here March 25, returned home Monday afternoon. The journey to Texas was occasioned by the desire to see Mr. Buchanan's brother, who is ill and 85 years of age. From Ukiah Mr and Mrs. Buchanan went to Los Angeles where they visited their daughter and then continued south to Loredo and on to Temple, Texas. The return was by way of Albuquerque, New Mexico and Reno, Nevada. The roads were in excellent shape all the way and no car trouble was experienced.

SENATOR G. M. BIGGAR CONTINUES CAMPAIGN

Senator George M. Biggar, who is seeking re-election as State Senator, was in town from his Covelo home Monday afternoon and continued on to San Francisco where he conferred on legislative matters and planned to return north today. Senator Biggar has been about his district and is inclined to the belief he will be able to carry both Lake and Mendocino counties.

EASTER EGG HUNT

Willits Lions Club has made arrangements for an Easter egg hunt next Sunday. It will start at the high school grounds and the bunnies will lay all kinds of pretty colored eggs on the hill side to the west of school. Prizes will be awarded lucky children, according to age groups.

WILLITS, April 15.—Plans have been completed for Casteel Mill No. 2. The mill will be built of concrete and steel and will be as near fireproof as it is possible to make it. All the machines will be ball or roller bearing type and will be run by electricity and the carriage and trimmers will be operated by air pressure. The log pond will hold 500,000 feet of logs. The mill is planned to cut 60,000 to 70,000 feet of lumber a day and the log deck will hold 5,000,000 feet of logs. There are 13 acres in the tract on which the mill will be located and the work of leveling and grading it is now taking place. Most of the logs will be shipped from the Irmulco section where enough timber has been contracted to operate the mill seven years. It is possible the plant will operate two shifts and local labor will be employed as far as possible.

The Local Election.

The city election was a very quiet affair and Russell Ells and W. D. Ford were elected councilmen.

Plan Planing Mill.

The J. F. Pritchard Company will expand its local plant by adding a planing mill. The grounds are now being leveled and graveled for the new building. The Pritchard Company specializes on making cooling towers and is a branch of an eastern concern. The new plans also call for an enlarged yard for weather seasoning lumber and

PROVED A HERO IN TIDAL WAVE

Capt. Oscar Michaelson Rescued Victims Washed To Sea

There is taken from a Eureka newspaper an article regarding a marine feat performed by Captain Oscar Michaelson. The man who directed the heroic act is a twin brother of Len. Michaelson, of The Republican Press, and has visited here many times. Here is the story:

What He Did.

"One of the heroes of the life-saving efforts after the late tidal wave struck Hilo, in Hawaii with disastrous results, was a former Humboldt man, Oscar A. Michelson, master of the army tug Monterey. Captain Michelson managed to save his tug and ride out the tidal wave at Hilo and then put to sea searching for survivors who were carried away by the receding wave. The Monterey was able to save some lives and a large Navy plane in rough sea some 20 miles from Hilo.

Long In Service.

"Captain Michaelson has been with the U. S. Engineer Department in territorial waters many years, and pays regular visits to Eureka and Blue Lake, when on leave. He has many friends and relatives in Humboldt county.

A Honolulu newspaper story of the rescue is reprinted below telling of the rescue work of the Monterey under Captain Michaelson's handling:

The Island Story.

PEARL HARBOR, April 2.—Four survivors—three men and a woman—were saved from two life rafts late last night in rough seas off the north coast of the Island of Hawaii, about 30 miles from Hilo. They are now enroute to Honolulu aboard the army tug Monterey, with a crew of a navy Catalina flying boat which landed yesterday afternoon near them but could not attempt a rescue because of rough seas. The flying boat was reported partially submerged after its towing cable broke from the Navy LST which was attempting its salvage. The rescue was accomplished by one of the biggest air search and rescue operations ever undertaken here, Army and Navy air-sea rescue officials said.

TALMAGE BEAT THE HUGO MEAT

City Team Goose Egged—Talmage At Ft. Bragg Sunday

The Sluggers took the lead in the first inning Sunday by putting over five runs against their city opponents.

Myers, leading off with a walk, stole second, going to third on a passed ball. Bairh hit a ground ball to third and was safe on a fielders' choice. Myers was caught off third. L. Valentini singled, Ottosen walked, to fill the bases. Mosna lined out to left field. Busch walked, forcing in Baird for the first run. Wright, singled, scoring Valentini and Ottosen. Scudero singled, scoring Busch and Wright. Severi walked and Myers walked for the second time in the first inning. Baird flyed out to third, to retire the side.

In the sixth, Scudero was hit by a pitched ball and scored on Myers' two-bagger. Wright, leading off in the seventh with a single, went to second on short-stop's error. Scudero was out short to first, Wright going to third on the play and scored on Soinila's fly to centerfield. Myers struck out to retire the side.

SCHOOLS WEEK PROGRAM HELD UNIQUE TWISTS

Hopland Students Use Many Novelties In Their Show

PUT ON DANCE NUMBER

Old Songs Are Given Big Hand By The Large Audience

Special Correspondence of The Press

HOPLAND, April 16. — Public Schools Week observance events were held at the grammar school Wednesday night when a display of the pupils' art work, handwriting, etc., was on exhibition for parents, relatives and friends to see. On Thursday evening a continuation of this program was carried on at the high school gymnasium and a big crowd turned out to enjoy several hours of real entertainment—for the program was different from those of previous years. It opened with a band number in charge of Frank Schieber, Principal of the Grammar school. Mr. Schieber is to be congratulated on the splendid work done along the musical lines and the children seem to thoroughly enjoy their training for they send forth good musical numbers in a spirited way. Salute to the Flag followed with the audience taking part. Another band number by the pupils was "Let Me Call You Sweetheart." A clarinet solo by Nancy Harpe was clearly and sweetly rendered. Della Milone had a paper on the Constitution of the United States. She explained its meaning in clear, concise manner, ending her speech with the Preamble of the Constitution. The Virginia Reel by third graders, in charge of Miss Lois Gray, set many feet in the large gymnasium tapping. Two sets upon the stage gave a lively interpretation of this old-time dance in a nimble and clever fashion, never once missing any of the intricate steps involved. A spelling bee, in charge of Miss Marian Campbell, proved very interesting. It ended in a draw as neither side was spelled down entirely. The Seventh and Eighth grades sang several songs. "School Days" was cutely acted by two of the members. Miss Lois Gray has trained her scholars in the First and Second grades to dramatization of stories she reads to them. The children acted two of such stories very cleverly upon the stage and the audience enjoyed them immensely. A piano solo by Jill Kay came near the close of the evening. This was followed by several songs by the Fourth and Fifth grades with Miss Inez Philbrick at the piano. Also the class reading of "The Blue and the Grey." Elaine La Mastus gave a brief talk on "Letters." The program closed with a final number by the pupils and so ended one more Public Schools Week.

Moved Here From Metropolis.

Mr. and Mrs. Walter Franklin, of Ukiah, have moved to East Sanel, where Walter is employed by Charles Nicolas. Mrs. Franklin (Virginia Godman) received much of her schooling in the local schools. She is the daughter of Mr. and Mrs. John Godman, of Ukiah, who formerly lived in this community.

TOO MUCH REGIMENTATION

WHEN AN EX-WAR WORKER, in a "Pulse of the Public" letter to The San Francisco News, advocated Federal unemployment pay of $25 a week to "us patriots," he drew an answering letter from an unexpected source—a fellow ex-war worker. Replied 60-year-old W. G. Nelson:

"I, too, did a stretch in the shipyards. I banked my dough, and am building a house with it. Hate to brag, but I am one among thousands. Most of these guys received big pay checks for two or three years, and pitched it all into the sewer on pay day. Now they come crying!"

It may be Mr. Nelson is overly-stern with the improvident Americans who "come crying" for charity. For the very Government to which they appeal has long followed a course of paternalism and coddling that has undermined self-reliance, even self-respect, in milions.

Why save money for a rainy day, when Government programs abound in proposals for universal employment guarantees, jobless benefits that rival the fruits of honest toil, and the like? Paternalism has even come to such a pass, under the proposed Warren health bill, that people who want to stand on their own feet and solve their own problems have to fight for the privilege! In this State, 3,000,000 Californians, who have built up voluntary health insurance systems for themselves through private insurance, hospital and medical care plans, have found their entire co-operative structure under fire. The Earl Warren State Medical and Hospital bill would have entirely destroyed it—would have forced State Medicine upon Californians, would force them to depend upon Government for service they already have provided for themselves in pride and independence.

Do not look to yourself, was the cry—Look to Sacramento, let's Socialize our hospitals and the practice of the medical profession!

Reversal of such unhealthy philosophies as Earl Warren's paternalistic, enervating process of creating a nation of spineless leaners, is more sorely needed today in California than any other conceivable reform in government.

CLASS ISSUES ARE ALWAYS DANGEROUS

IN THIS COLUMN two months ago this page termed the effort of Earl Warren's non-partisan backers to get the A. F. of L. arrayed against the C. I. O. a most amateurish political fumble. I have never seen an issue based on anti-creed, or color, or way of life that resulted in any good. For years I have been lined up with the Chandlers, the Camerons, the Knowlands and the Martins as political foes of the Democrats and the Unions have always been our opponents and, as long as I can remember, so has Earl Warren, hence his prominence in the A. F. of L. ranks today, strikes this page as embarrassingly out of place.

Four years ago Clem Whittaker was Earl Warren's publicity chief and then there was no salaaming to the A. F. of L. Earl Warren was at that period taken as one of the old school Republicans. Now let me quote what Governor Warren's publicity man of four years ago has to say about him:

"Governor Earl Warren, when the current gubernatorial campaign gets really hot, may find his meetings picketed by the CIO as 'unfair to organized labor'—and his Democratic opponent, Attorney General Robert W. Kenny, is just as likely to find AFL pickets boycotting his meetings!"

"That's how screwy this political season promises to become. There's a political jurisdictional war brewing that threatens to make the bitter AFL-CIO cannery dispute seem like a panty-waist affair by comparison.

"Both the AFL and the CIO, their leaders have made it plain, would like to extend the 'closed shop' to cover the State Capitol, but each wants to become the exclusive political bargaining agent for labor. And that's the rub! While California voters generally are still apathetic about the gubernatorial campaign, the die has been cast in labor circles. Warren has been designated as the AFL candidate — at least by the top-bracket leaders of the State Federation of Labor — and Kenny has been officially designated as the CIO candidate by the CIO Political Endorsement Conference.

"A strange sidelight on this new family row in labor is that neither Governor Warren nor Attorney General Kenny has ever earned his living by the sweat of his brow.

"Mr. Kenny, while pro-labor in his politics, and usually inclined toward the left-wing in the labor movement, has banking connections which have made him more than moderately wealthy. Mr. Warren, while not affluent, never has had callouses on his hands won on an assembly line, but did carry a union card as a musician for a short period during his school days.

"Both men, actually, have conservative business backgrounds, but both are bidding most actively for the vote of the class to which they don't belong. That's just one of the curious anomalies of this year's brannigan. That, too, incidentally, indicates the low valuation which politicians of both parties place on the unorganized independent vote — which, as it happens, far out-numbers the organized vote of the AFL and CIO combined.

"Temporarily, at least, while the gentlemen square off for battle to capture the labor vote, the independent voter has been left dangling, with no one seriously bidding for his support. Yet, in the showdown, the independent voters will most likely decide which man becomes Governor. Strange, isn't it?"

MENODCINO TO SEEK JUNIOR HIGH SCHOOL

(The Mendocino Beacon)

At the last meeting of the Mendocino elementary school a resolution was passed to establish a Junior high school with the high school. The students will be taught by the high school faculty. It is planned to have a full time music program for both Junior and Senior high school. In this way a better and larger band or orchestra can be formed and the students will have a more thorough training in music. This also holds true for athletics. If students can be trained at an earlier age to participate in the various sports, Mendocino high will have better teams. The seventh and eighth grades in the Junior high will be on a departmental basis. Each class, such as English and mathematics, will be taught by a teacher who has had special training in the particular subject. Disciplinary problems would be greatly decreased in the elementary school as the older youngsters will be among a group they cannot coerce. It is also expected the Caspar elementary school will join in with the Junior high school plan. Other elementary schools in the district may, at their discretion, join the program.

OPA EXPLAINS BOOST IN LAMB, VEAL, MUTTON

The Office of Price Administration announces new retail dollar-and cent ceilings of one and two cents a pound over the present ceiling on about 85 percent of all sausage products the consumer buys. The remaining prices are not changed, however, the agency said. These changes raise the average retail price level by 1½ cents a pound. The OPA also increased by one cent a pound retail ceilings for about half of the lamb, mutton and veal cuts consumers buy. The remaining ceilings are unchanged. This action will raise the average price of lamb and mutton about 1 1/3 cents a pound, OPA said. The new ceilings compensate retailers of meat and meat products for higher wholesale ceilings resulting from recent wage and salary increases in the meat industry.

BREAKDOWN OF PRISON RULES EXPLAINED

The bad situation inside prison walls, which has been prevailing for months at San Quentin, has gotten into the open, The San San Francisco News last week disclosing an outbreak of convict "gangsterism" inside San Quentin Prison was disclosed after 11 handcuffed, closely guarded "bad actors" were taken before Marin County Superior Judge Edward Butler in San Rafael. Six of the men were charged with possession of sharp knives with which they threatened other prisoners, and five with having escaped.

A Lassen county Indian inmate pleaded guilty to carrying a sharpened blade and being a member of a group which terrorized other convicts. The "arrests" inside the prison walls were made when many inmates reported the gang was menacing them. The other five convicts charged with carrying long-bladed knives pleaded innocent and demanded jury trials. Judge Butler assigned attorneys to represent them, and set hearings: Kenneth W. Attell, 21, serving a 10-year term for car theft in Los Angeles, April 13; Ray Hamilton, 24, five years to life for robbery in Los Angeles, May 8; Patrick A. Lanning, 19, indeterminate sentence for robbery in Riverside, May 7; Edward Thompson, 24, imprisoned for kidnaping and robbery in Los Angeles, April 13, and Robert Jones, 28, one year to life for robbery in Stanislaus county, April 13.

Trial was set for Wilbur E. Streeter, 26, convicted San Francisco robber whose escape last December was followed by the discovery he had utilized his position as a prison clerical worker to attempt to "quash" a murder indictment pending against him in Ohio. Mr. Streeter sent a letter to the district attorney at Portsmouth, Ohio, reporting he had died in prison. Quiller Barker, 23, lifer for first degree murder, informed the court he had disagreed with his attorney over presentation of his not guilty plea to a charge of escaping in a rainstorm December 21. Trial of Cecil Salter, 37, another lifer who escaped with Barker and was captured in a stolen car at Pomona after highway patrolmen riddled the machine with bullets, was set for April 13.

The same date was assigned for hearings on the case against Willie Mitchell, accused of escaping August 13 and throwing a mixture of lye and water on three other convicts. Loften E. Nolen, 21, also charged with escape, was ordered to trial June 17.

Thomas Cheatham, executive secretary to Warden Duffy, said some of the men had "caused more trouble" since commission of the offenses with which they are charged. Everett Johnson, 29, was placed in solitary confinement following a brief absence from his cell last night!

Warden Clinton Duffy, in a statement to The News, insisted there had been no organized gangsterism within the prison walls, asserting all cases of violence have been isolated incidents usually arising from personal disputes.

In The Puffer, the prison paper devoted to providing publicity for Warden Duffy, Warden Duffy's picture appeared only twice on page one.

The warden claimed the number of escapes and attempts at escape during the past few months were occasioned by "general unrest throughout the country and the usual seasonal nervousness among the men around the holiday period."

The convicts were taken to San Rafael heavily shackled and the irons were removed only when in the courtroom. This was amusingly noted because supervision at San Quentin is notoriously lax. The breakdown of morale as manifested by the fact almost a dozen offenders, at one time, were taken into court for violation of prison rules, is brought about through Warden Duffy losing control over the inmates, permitting too much power to convict gangs in the yard, laxity in enforcement of ordinary prison rules and too much devotion of time by Warden Duffy to trying to obtain publicity for himself and family and rebellion of guards against what they term a failure on the part of the Warden to stand with the guardline against the con bosses of the prison.

At San Quentin today Warden rule is lower than at any prison in the United States.

Mat Fisher versus Ed's Big Toe

Mat Fisher's our local weather man . . . and planning for the picnic of our town Improvement Club, Mat persuades us to postpone it until Tuesday—since it's going to rain for three days, starting Saturday the 8th.

But Ed Whortle claims he can feel rain in his big toe—and he says there isn't a drop in prospect for at least three days!

Well, it's bright and sunny on the 8th—and 9th—and 10th. But come the day of the picnic, it pours rain like Jupiter Pluvius—and we hold it in Ma Hoskins' parlor, drinking beer and roasting hot dogs.

Of course, Ed razzes Mat no end. But nobody's sore. In fact, they like Mat just a little better, being an expert and being wrong. (And from where I sit, a stormy day indoors before a fire makes a hot dog and a glass of beer extra appetizing!)

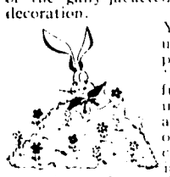
HAPPY EASTER EATING

Easter meals are Three, no matter which one takes the spotlight. There's Breakfast, after the egg hunt; Dinner, following the Easter Parade; Supper, just when you've finished the last of the dinner dishes and settled back with a sigh of relief that you're through for the day!

EASTER BREAKFASTING. You can't get away with Brunch (that happy combination of breakfast and lunch which eliminates one meal) when there are children, for up they rise, at the crack of dawn, for the long anticipated egg hunt. A glass of chilled fruit juice or mixed fruit cocktail, spruced up with a sprig of mint. Eggs of course. Baked Eggs with Cheese or Creamed Beef Hash Nests, with an egg dropped into each, to "set" in a moderate slow oven. A hot bread, easiest one is your pet yeast tea ring or coffee cake, made yesterday, and heated. Lots of coffee for the grownups, hot chocolate for the youngsters. A plate of hot too rich cookies. At least a basket of the gaily-jacketed eggs for table decoration.



You might like to use for the center piece a rabbit "hole," with a fuzzy rabbit peeping out of it. Use a good sized fruit or vegetable juice can for the opening, build up a mound out of crumpled paper. Cover with moss or green shredded paper and tiny flowers.

OLD TIME DINNER. Young hen, roasted to a turn, herb stuffing. Hard-cooked eggs sliced in the gravy. Mashed potatoes, succotash; wilted lettuce with crisp bacon bits throughout. Hot home-made rolls, apricot jam. Golden layered cake with clouds of boiled frosting, and ice cream to finish off. There was the dinner of our youth. And well worth repeating for this Easter Day. It matches the table's and Nature's color scheme of green and gold.

IF YOU MUST EAT! Let the refrigerator do the work when there are cries for food as evening comes on. Plan on a large enough roast for Saturday night that there will be cold sliced meat for this supper. The morning's loot of Easter eggs, minus their gay coats, become deviled eggs, an edible garnish for the jellied tomato salad you thoughtfully made yesterday. Toast the rolls left from dinner, make up a pot of hot chocolate to sip in front of the fire, which still seems mighty good, and there is the happy ending to a Perfect Easter!

FLASH

TO USE UP "EASTER EGGS," arrange in baking dish alternate layers of fresh cooked or canned asparagus and sliced hard-cooked eggs. Pour cheese sauce over all. Top with buttered crumbs. Bake in quick oven until heated through.

WANT BETTER ROAD

A petition signed by some 60 residents of the county petitioned the Supervisors for a better road between Ukiah and Mendocino. LETTERS TO THE EDITOR

There came this week the following from an inmate at Talmage with the request it be published:

Editor Republican Press:

I noticed an article in your paper some time ago about the cattle of the Mendocino Hospital being noted for the good quality of their milk, the high content of butterfat, etc. I was an inmate of a cottage, where the cows sometimes came down the hill to graze near the walk, and an amusing rhyme came to my mind about them. I was at that time working in the laundry in summer. Yesterday I noticed in a copy of the Pathfinder Magazine an advertisement for the Farm Journal. It was headed with the picture I am enclosing, and it seemed so suitable for the jingle I had made I thought it might be amusing to others living near here, or at least as good as the Gail Borden ads.

Yours respectfully,
Jennie Doe.

P. S.—I am taking the liberty to send this in, as another person who used to live here had the privilege of sending out her rhymes, and some of mine are almost as good as hers.

The cows of Mendocino
Are noted near and far
For milk with fatty content
To fill your butter jar.

They graze up near the sidewalk,
And when we go filing by,
Shake their heads disdainfully
And gaze with wide round eye.

Some move back near the main herd,
As though in mild reproof,
They passed to them the sneering word,
"I'm glad I'm not a goof."

For the goofy rhymsters of this place
The public has no need.
So they sweat and labor valiantly
To earn their daily feed.

So-o-o, I'd rather be a bossy cow
And roam the meadows free
And dine upon sweet blossom chow
And not like you and me.

Jennie Doe.

VETERANS CLAIMS ARE UP 50 PERCENT LATELY

Except for veterans' cases there is a definite downward trend in the claims for unemployment compensation, the State Department of Employment reported. The peak period seems to have been reached, the department said, although California undoubtedly has a considerably higher proportion of its work force unemployed than the national average. But it is a different story with the veterans. Their claims increased 50 percent in February over January, the department said. The department reported California had over 273,000 unemployment claims the last week in February out of a national total of some 2,022,000. This is the second highest of any state and is 13.5 percent of the total.

BAKERS CANNOT CUT SIZE OF BREAD LOAF

California loaves of bread must remain one pound in weight, despite a recent governmental regulation permitting bakers to reduce loaves by 10 percent, Attorney General Robert W. Kenny stated in an opinion just issued. His ruling was addressed to A. A. Brock, Director of Agriculture. Attorney General Kenny stated the recent governmental regulation is not a mandatory reduction in the weight of bakery products and said: "Bread producers and vendors are not excused from compliance with the Standard Loaf Law by anything contained in the government regulation." Attorney General Kenny said Federal orders regulating and fixing standards of produce and quality of foods having a national purpose, took right-of-way over conflicting State regulations. On that policy he said he was still of the same opinion.

QUESTION:
What can you do with a modernization loan?

ANSWER:
Practically anything your home requires.

Yes, almost anything your home may require—or you may desire—can be financed through an FHA-Timeplan modernization loan. Here are a few examples:

- Repaint
- Add hardwood floors
- Install new wiring
- Repair the roof
- Add rooms or garage
- Install modern insulation
- Add weather stripping
- Install new plumbing
- Redecorate
- Do landscaping

Remember, too, that the repair and modernization of farm buildings and business properties as well as homes can be through FHA-Timeplan modernization loans arranged at any time at this bank.

Now... no wheat used in beer or ale

And wheat alone can solve the problem of feeding the world's hungry

★

Actually wheat has never been a large item in the brewing process—only $\frac{8}{10,000}$ of the entire U. S. wheat crop was used in 1945.

In accordance with United States Government policy, the brewing industry has used no wheat whatever since March 1, 1946.

OTHER MATERIALS CUT 30%

The other grains used have been reduced by 30%—that is, to 70% of the 1945 amount.

Wheat alone can solve the problem of feeding the hungry. The grains to which the industry is now restricted, are of a variety and grade not normally consumed by the people of the world as food.

LESS BEER AND ALE

Altogether, the brewing industry is using 30% less materials than in 1945. This results in a proportionately lower production. But since the current demand for beer and ale is about 25% greater than a year ago, the real shortage is nearer 50%.

Consequently, your dealer will not be able to supply you with all the beer and ale you would like. We know you will understand the reason for this.

Your attention is earnestly directed to the recommendations of President Truman's Famine Emergency Committee, which are summarized in the box below.

This statement tells in clear, simple terms what each of us *individually* can do to help during the emergency.

What the President's Famine Emergency Committee asks us all to do

1. Save and share wheat and fat products . . . *Go light on all foods that take wheat, fats and oils—save breads, macaroni, cakes, cookies, pastries and deep-fried foods. Use drippings for pan-frying. Save salad oil—use boiled dressings.*
2. Buy and serve more plentiful foods . . . *Balance diets with the more plentiful foods, such as potatoes, fresh fruits and vegetables.*
3. Waste NO food . . . *Dress up today's leftovers for tomorrow. Make every crust count with melba toast, crumb-toppings, bread puddings and stuffings. Take no more than you can eat. Clean your plate. Turn in unusable fat salvage promptly.*

THE STORY OF A LOVELY TRIP TO TOWNS OF THE SOUTHLAND

(By Mrs. Olive E. Busch)

(Continued From Last Week)

Monday morning, I took the San Joaquin Daylight train at Glendale station enroute to Fresno. I have made this trip several times before during the war period when I was unable to get a reservation on the coast route. There are many points of interest visible from the train. The weird looking Joshua Trees, sometimes called the praying trees because they seem to raise their arms in supplication or bow their heads in devotion. They are a tree yucca and, strange to say, belong to the lily family.

In the so-called Loop, said to be unique in railroad construction, a shining thread of track ascends 78 feet from the south portal to describe a huge spiral 3,795 feet in circumference. It is said the engine of an 80-car freight train will pass over the center of the tunnel just as the caboose emerges from it.

After crossing the summit of the Tehachapi Mountains we descend toward the narrow southern end of the great San Joaquin Valley, in which the thriving city of Bakersfield is located. It is claimed this area has the largest spring time wild flower garden in the world. The lupine and poppies were just beginning to bloom and many of the smaller wild flowers were at their best. The San Joaquin Valley, more than 200 miles long and from 40 to 60 miles wide, is one of the most fertile areas in the country. In the Kern county oil fields, which extend for miles along the Kern river, many hundreds of oil derricks may be seen.

Fresno, in the geographical center of the state, has a slogan, "Fortune Favors Fresno," and it really seems that it does. Almost equidistant from the population centers of the north and the south, it is the metropolis of the San Joaquin Valley. I have made what I call "A Survey of State Superlatives" and I credit Fresno with having the largest raisin packing plant and the largest winery in the world. I was located for one night at the Hotel Californian in Fresno. I always think of Fresno as the home of my friends, Mrs. J. E. Scott, a former resident of Ukiah and member of the Saturday Afternoon Club, and Mrs. Cornelia Nice, organizer of Cornelia Rebekah Lodge No. 205, Ukiah.

On March 12, Mrs. Otto J. Groenveld, of Hanford, President of King County Federation, drove the 70 miles to Fresno and took me to Avenal. Mrs. O. K. Stephens is president of the Avenal Woman's Club, which has 115 members. Mrs. Elizabeth T. Walden, program chairman, made the plans for the interesting meeting. Avenal is situated in the oil district and most of the men of the town work in the oil fields. Mrs. Groenveld took me to Hanford that evening and entertained me over night at her lovely home there. Next day we were guests at a fine turkey dinner at the home of an officer of the Club. Mrs. E. E. Wahrenbrock presided at the Club meeting. That evening I took the Santa Fe train to Fresno and from there the Santa Fe bus to Madera where I remained over night at the leading hotel.

Mrs. Max B. Arnold, state trustee, who lives in Madera, made arrangements for a club woman from Chowchilla to meet me in Madera. Mrs. Florence Murphy drove me into Madera, where she entertained Miss Blanche Galloway, county librarian, and myself at lunch. She then took me to Dairyland, where a meeting of the Dairyland Woman's Improvement Club was held at the home of Mrs. Laura Merrill. Plans for the meeting had been made by Mrs. M. M. Dyer, who has been president of the club many years but she had suffered an attack of pneumonia and was not able to attend. Mrs. Melvin Abbott, president of the Madera County Federation, was present at the meeting and helped me plan for the rest of my itinerary. Mrs. Verna Woods told me there was to be a meeting of the Rebekah Lodge in Chowchilla that evening and, if I would stay in Chowchilla that night, attend the Rebekah meeting and meet the President of the Rebekah Assembly who was to be there, she and her sister would take me the 30 miles to Winton next day and I was glad to accept her very kind invitation. Out-of-town guests at the Rebekah meeting were Ethel Louderback, of Orland, President of the Rebekah Assembly of California, Hilda R. Fine of Fresno, Past President of the Rebekah Assembly; Irving Priest of Fresno, Grand High Priest of the Grand Encampment of California, Lady Isabella Andrews, of Fresno, Secretary of the Department Association of the Ladies Auxiliary of California; Winnifred Bertsch, Inside Guardian of the Rebekah Assembly; and Laura Peterson, of Fresno, Outside Guardian of the Rebekah Assembly. Others present were Otto Hake, of Chowchilla, Outside Guardian of the Grand Lodge, I. O. O. F. Rose Hake, of Chowchilla, a member of the Theta Rho Board of Control; Kathleen Miller, of Fresno, Assembly Chairman of Legislation, and Rita Catchings, of Madera, member of the Assembly Credentials Committee. District Deputy Presidents and District Deputy Master in attendance were Grace Leonard, of Merced District 44; Olive E. Busch, of Ukiah, District 68; and Roland Deeter, of Chowchilla. Arlene Thiel, Noble Grand of the Chowchilla Lodge, presided at the meeting. Twenty girls in sailor uniforms to remind the President of her son who is in the Navy, put on a very clever drill and presented the President with a gift attached to a life preserver. A fine supper of a great variety of delicious edibles was served after the meeting.

Next morning at the Chowchilla Hotel we were awakened by the earthquake that threw boulders down the mountainside, ripping great holes in the Owens Valley acqueduct for 10 miles. The shocks were felt from Imperial Valley to well north in the San Joaquin and continued some days.

March 15, accompanied by the two young women from Chowchilla, I attended a meeting of the Merced County Federation at Winton with Mrs. A. L. Jensen, of Los Banos presiding. Miss Geraldine Youd, well known in Ukiah, is first Vice-President of the County Federation and the Auditor is Mrs. George Blackmun, President of the Winton Club, whom I have met on both my visits to Winton. Three county and city officials spoke on topics of civic interest at the forenoon session. In the afternoon, Mrs. C. A. Makin, of Los Banos, President of the San Joaquin District, spoke on the subject, "Awakening Civic Responsibility Through Club Federation," and Mrs. R. R. Peterson, of Merced, District Chairman of Legislation, gave a talk on the subject of "Legislation and Women," and I spoke on the subject of my Department, "California History and Landmarks." The President, Mrs. A. L. Jensen, presented me with a personal gift from her. It was a lovely gold colored towel trimmed with six-inch wide tatting, her own work. I was greatly pleased with the gift and deeply appreciated her presentation speech.

I was a weekend guest in the home of Misses Geraldine and Alice Youd, both of whom are former teachers of this county. Miss Youd took three Winton Club women and myself to Modesto, March 18. The meeting of the Women's Improvement Club of Modesto was held at the home of Mrs. T. T. Gravestock with Mrs. Eugene O. Meyer presiding. She dedicated her year book to her aunt, Miss Florella K. Finney, Junior Past President of the Stanislaus County Federation of Women's Clubs. The meeting was attended by a very fine group of women, evidently interested in the subject on which I spoke, "California History and Landmarks." I received a lovely gift from the Club and also one from my friend, Past County President Florella K. Finney, both of which were greatly appreciated. This is the home club of the District Chairman of Itineraries, Mrs. Samuel Caulton. After considerable discussion we decided to cancel my last six appointments as the itinerary seemed somehow to have gotten out of hand. Four weeks is too long to be out in these days of difficult travel. I found about 20 letters from Club women, when I returned home, offering to meet and entertain me, which would have facilitated matters greatly if I had received them in time. The Club women could not foresee that I would start out four weeks ahead with no forwarding address. I have been invited into the San Joaquin District next year and hope I will be able to make the trip early in the autumn. The San Joaquin club women were very kind and cordial to me. I received a gift from every club and all possible help wherever I went. Travel is not so difficult as last year as the buses and trains are not so crowded but, on account of the housing shortage, rooms at hotels seem more in demand than ever. People pay high hotel prices for just a place to sleep at night.

Miss Finney is related to the former pioneer family of Anderson Valley and treated me like an old friend for the sake of her relatives. She and Miss Youd took me to the bus station at Modesto and visited with me while three fully loaded buses from Los Angeles passed and I was finally allowed to get on "the fourth," nearly two hours later. I remained overnight with my son, G. H. Busch in Oakland and came home the next day.

P. T. A. TUESDAY

There will be a meeting of the P. T. A. at 2:30 Tuesday, April 23, at Grammar School auditorium. Mrs. K. S. Farnsworth will review the book, "Mental Health," by Dr. George Preston. Mrs. C. J. McFarling, district legislative chairman will explain certain school-legislative situations. Small children will be cared for by the Campfire Girls during the meeting and there will be a short moving picture shown.

UKIAH GUESTS AT LAKE CO. REBEKAH EVENT

Mr. and Mrs. Fred Orcutt, Mrs. F. Howie and Mrs. Olive E. Busch made a trip to Lakeport Tuesday evening where the women attended a meeting of District 31 of the Rebekah Assembly of California. Out-of-town guests who were introduced and escorted to the platform were Ethel Louderback, of Orland Lodge No. 191, President of the Rebekah Assembly of California; Alice M. Schultz, of Oak Leaf Lodge No. 74 of Santa Rosa, Grand Marshal; Winnifred Bertsch, of Mission Lodge No. 225 of San Francisco, Grand Inside Guardian; Thelma Garner, of Clear Lake Lodge No. 43 of Lower Lake, District Deputy President of District 31; Olive E. Busch, of Cornelia Lodge No. 205 of Ukiah, District Deputy President of District 68; Josephine Lemon, Deputy District President from Woodland, and a present and past Deputy Grand Master, Henry Endlin, of Lakeport.

During the business session of Triple Link Lodge it was announced that Lodge had contributed $418 to the occupational therapy project of the Grand Lodge I. O. O. F. The Assembly President was presented a lovely bouquet of white carnations which contained a valuable gift. The President announced the fifty-sixth annual Rebekah Assembly of California will be held in the Civic Auditorium at Santa Cruz with headquarters at Hotel Paloma May 15, 16 and 17. The President said she had conducted 80 schools of instruction during the past 11 months and in that time had attended a meeting every day except 26. After the transaction of routine business by the local lodge, Thelma Garner, District Deputy President of District 31 conducted a district meeting and demonstrated the ritualistic work for inspection by the President. Examination of a visiting member was exemplified by Queen of the Lake Lodge No. 125 of Upper Lake; balloting by Knochti Lodge of Kelseyville; and Flag Drill with Color Bearer by Clear Lake Lodge No. 48 of Lower Lake. The President praised the work of those who participated in the ceremonies. There were 33 members present from Triple Link Lodge, 27 from Queen of the Lake Lodge, 23 from Knochti Lodge, 20 from Oro Fino Lodge and smaller representations from out of county lodges.

After the meeting a sumptuous banquet was served 130 persons at long tables beautifully decorated and lighted by tall yellow candles. The menu included a great variety of sandwiches, salads, relishes, coffee, ice cream and the finest possible home-made cakes. Local people had the opportunity to renew acquaintance with Prudence Thompson, Hattie Bucknell and Adele Athey, past county club president and past district auditor. She and Mrs. Busch will meet at district convention in San Jose next week. Myrtle Craig, cousin of Lottie Collins and Grace Adams, greeted the Ukiah visitors. She wore the 50-year Rebekah pin and the emblem of the Declaration of Chivalry. Fred Orcutt will complete 40 years of continuous I. O. O. F. membership this month.

OFFICERS INSTALLED

Mrs. Olive E. Busch, district chairman of Indian Welfare for the San Francisco District of the C. F. W. C., installed the officers of the Pomo Women's Club at the March meeting of that organization. Those inducted into office were Elsie Allen, president; Marie Pollick, vice-president; Lorraine Lockhart, secretary, and Caroline Clark, treasurer. Mrs. Allen is a charter member of the club and has labored earnestly and effectively to keep the club alive and active during the trying war period. Through her interest and initiative the organization has accomplished much worthy work. All members wish that she may have a most successful administration. After the installation ceremony, three young girls served delicious refreshments. Plans were made to give a dance after Easter.

ENJOYING MOTOR TRIP

Friday evening Mr. and Mrs. Claude Gard arrived from San Jose for an overnight stay at the home of their aunts Mrs. W. G. Stout and Mrs. Ida L. Brown, who accompanied them Saturday morning on a trip up the Redwood Highway to Crescent City and on to Oregon points of interest, planning the return to Ukiah over Pacific Highway to Williams before the end of the week after a delightful outing and vacation.

AT DAUGHTER'S HOME

Mrs. A. R. Steiert and young grandson went to San Francisco Monday to pass Easter vacation at the home of Mr. and Mrs. Paige W. Payne, who will accompany them to Ukiah the last of the week to pass Easter Sunday. Mrs. Payne is a member of San Francisco High School faculty and teaches in one of the city schools.

HEAD REBEKAH OFFICER AT UKIAH MEETING

Mrs. Ethel Louderback
President of Rebekah Assembly

Mrs. Ethel Louderback, of Orland, President of the Rebekah Assembly of California, accompanied by Alice M. Schultz, of Oakleaf Rebekah Lodge of Santa Rosa, Marshal of the Rebekah Assembly, and Winnifred Bertsch, of Mission Rebekah Lodge of San Francisco, Outside Guardian of the Rebekah Assembly, paid her official visit to Cornelia Rebekah Lodge No. 205, Ukiah, Monday evening. The meeting was preceded by a dinner in the Canton room of The Palace Hotel with 56 members present. The tables were elaborately and artistically decorated with pink flowering quince and were softly lighted by the glow of tall pink candles in crystal holders.

Following the dinner the company reassembled in I. O. O. F. Hall, where the formal meeting was held with Noble Grand Gay Neep, presiding.

President Ethel Louderback was introduced and escorted to the platform by Marshal Alice M. Schultz. The appointive grand officers, Alice M. Schultz and Winnifred Bertsch, were introduced by the District Deputy President Olive E. Busch, and in turn the District Deputy President was introduced by the Conductor of the Lodge, Neva Hair. Past Noble Grand Bertha Ransdell and District Deputy President Olive E. Busch resigned as delegates to the Rebekah Assembly as they were unable to attend. Opal Tuttle and Anna David were elected to fill the vacancies.

Five young women, dressed in white, marched in a procession to the front of the hall. Miss Chrystine Burke, carrying a beautiful bouquet of red roses and singing "In the Heart of a Rose," presented the flowers containing a gift of money to the President. Those accompanying Miss Burke were Annabell Yates, June Brush, Lois Smith and Erma Caldwell.

As there was a good representation from all four lodges of District 68, under the Good of the Order, the gathering was resolved into a district meeting under the direction of the District Deputy President Olive E. Busch, at whose request President Ethel Louderback held a School of Instruction. Past District Deputy Presidents from Willits attending were Mrs. Mecca McPeak, Mrs. Emma Thompson and Mrs. Alecia Cureton. The Past District Deputies from Anderson Valley were Mrs. Agusta Ruddock and Alice Gowan. Following the meeting refreshments were served in the dining room at beautifully decorated tables. It was estimated that, including the Odd Fellows who were invited for supper, there were more than 130 present. Mrs. Katherine Foster was general chairman of arrangements. Assistants on the supper committee were Mrs. May Beckley, Leila Williams, Lorena Rains, and Rose Gibson. The count in the lodge room revealed there were present 50 members from Cornelia Lodge No. 205, 20 from Long Valley No. 398, seven from Lagunita Lodge No. 248, and seven from Redwood Lodge No. 390. A few lodges out of the District had small representations present. This event will take its place with such memorable meetings as the Golden Jubilee, as those that marked the official visit of the District Deputy last September and the installation of officers in January. It is probable the next initiation of candidates will be held May 27, after the delegates return from Assembly.

An interesting feature of the Ritualistic Ceremony was a drill executed with precision and rhythm by the Drill Team of the Long Valley Lodge.

ENTERTAINED FRIENDS

Mr. and Mrs. Dom Crinella were hosts to several friends at a bountiful dinner at their home on McPeak street Thursday evening with covers for Mr. and Mrs. John Venturi and son Lloyd Venturi, who returned last week from two years service in European War area, Mr. and Mrs. Leonard J. MISS PERRY HOSTESS TO CULTUS CLUB

A very delightful affair was the recent meeting of the Cultus Club members when they were charmingly entertained at the home of Miss Shirley Perry, who was hostess for the occasion last week. For the evening, Mrs. Robert Le Baron presented Mrs. Julia Shinn, who provided a review of the book, "The House Near Paris," an interesting creation of Drue Terrier. The book outlined the interesting and hazardous experiences of the writer, who has been an American moving picture actress, but who was living in Paris at the time of the German occupation. She engaged in the activity of assisting aviators from allied countries to escape through the "Underground."

After the program the business meeting was presided over by Miss Dorothea Fraga, Club President. The story told by the author was carefully followed by the Club members. When the program was concluded Miss Perry served her guests a muchly enjoyed refreshment service. The centerpiece decorations were native buttercups and the rooms were lovely with artistic arrangements of jonquils and daffodils from Miss Perry's garden. The meeting of April 23 will be at the home of Iva Mellis and Fred Leonard is to give a program on "The Life of Luther Burbank."

THERE'LL BE A SOCIAL

LADIES LEAGUE IS TO HAVE FOOD SALE ON MAY 11

An interesting meeting of Catholic Ladies League was held at El Rosario Wednesday with many members and Father Adrian Sharkey, pastor of St. Mary's, in attendance. A report of the St. Patrick's annual ball was given, showing it was very successful and largely attended. Arrangements were completed for a meeting of County Council of National Council of Catholic Women, to be held at El Rosario the morning of April 30, followed by a one o'clock luncheon and afternoon session. A food sale will be held Saturday, May 11. Hostesses for the evening were; Mrs. William Johnson, Mrs. Pete Gialdini and Mrs. Peter Frati who served delicious salad, crackers, coffee and wafers, the table being attractively decorated in Easter motif with bunnies and Easter eggs. Purple and white Iris and lavender Lilacs created a springlike atmosphere. The next meeting is scheduled for May ninth.

How to make your Easter-table attractive

Whether your Easter celebration includes only the immediate family or whether you make the day one for entertaining, the occasion calls for table decorations. Here's an idea that may be used for almost any Easter party and for every age group, too.

EASTER BONNET CENTERPIECE

The main attraction of our centerpiece is a hatbox. It may be either round or square, small or large, and it doesn't have to be a fancy one. Ours is covered with gay striped gift paper, but the same effect is obtained by covering the hatbox in plain pastel colored paper and pasting on contrasting stripes. (Vegetable glue makes a neater job of this, for it doesn't come through the paper.) Plain or figured shelf paper, wallpaper or crepe paper may also be used. Use real ribbon of harmonizing or contrasting color or crepe paper to tie the box and form the bow. Line the box with pastel-colored tissue paper; tilt the lid and let sprays of spring blossoms or flowers, pussy willows or green leaves hang out over the side.

Place one or two toy bunnies (or you could use a pottery bunny, chicken or duck, or a covered hen dish) by the hatbox. Arrange flowers or decorated Easter eggs and leaves around the hatbox to complete the centerpiece.

The degree was put in by practically a new team. Fred Figone is drillmaster. Musician for the evening was Anne Nichols, of Santa Rosa. Mary Baccaglio was Pocahontas in team work. There was a short business meeting with Jane Bridges, Pocahontas, presiding. Members enjoyed a fine talk by the Great Pocahontas on the work being done by the order. The speaker exceptionally stressed rehabilitation work and also stated that nice sized donations had been made to the Veterans' Hospitals at Christmas time and that, recently, five wheel chairs had been donated—two to Mare Island Hospital and three personally to Veterans who lost both limbs. A fine talk was also made by the other officers and an extremely fine talk by our own Zone Chief, Betty Scholl, on the precepts of our order.

A French bouquet of pansies, in which was concealed a purse of money, was presented the Great Pocahontas, in verse, by District Deputy Grace Heitz. Corsages were also presented all the Great Chiefs on behalf of the Council. After the meeting members enjoyed dancing. The hall was decorated with beautiful large baskets of lilacs and bridal wreath. Betty Scholl was chairman of the committee handling the fine work of decorating, assisted by Mary Garaventa and Jane Bridges.

Appetizing refreshments of sandwiches, salads, cake and coffee were served by Eva Brown, chairman, assisted by Lorena Rains and Ruth Martin. Table decorations were in Easter motifs—a beautiful sight. Easter baskets with flowers for place cards and larger baskets along the tables filled with pansies, and "Welcome, Visitors," printed on cards. Bunnies, eggs, candy and greenery were artistically used to decorate by Jannie Dohring, chairman, assisted by Minnie Sweeney, Betty Scholls and Eva Brown. Chairmen and members of committees were highly praised for the fine work reflected, Carol Clark, Gertrude Etter, Ben Brown and Fred Figone put on the flag drill.

Birthdays of the month fell to Louise Locatelli, Mary Baccaglio, Eleanor Hall, Katherine Nicholson and Nettie Chase although all were not present. Cards were presented them and "Happy Birthday" sung by the members. Nettie Chase just arrived home from Los Angeles to be here with relatives and friends and Lodge sisters for her eighty-first birthday. Elizabeth Wegner, greatly improved in health, arrived home for the occasion, being on degree work also, and was warmly welcomed. John Baccaglio, a member now working in San Francisco, sent the Council a telegram, regretting he could not be with us.

COST OF LIVING UP and UP
Electric Rates go DOWN again

Most everything you buy today—to use, to eat or to wear—costs more. The average cost-of-living rise in Northern California since 1939 is 35 per cent, according to the U. S. Bureau of Labor Statistics.
This living cost picture is not all dark and gloomy, however. The cost of the electricity you use freely in your home has not gone up in price. In fact, the electricity which lights your home and runs all your appliances has been steadily dropping in price.
Six major reductions in electric rates have brought the cost of electricity DOWN 16 per cent since 1939. These reductions save electric customers $6,042,866 a year. P. G. and E. electric rates, already among the lowest in the nation, go down even further with the latest reduction, which becomes effective April 15th—a reduction that puts our rates 20 per cent below the national average.

Attending Hops.

Hop work in the fields at Covelo, has begun for and under supervision of Albert Winters and some 19 workers, both men and women, go every morning to the fields to prepare for a successful crop this year. Reports coming to California are that hop prices will not be what they were expected. News a curtailment of grain will enter into allotment of brewing supplies has already reached here. No new hop contracts are being made and, it is feared, contracts will be very strictly construed by the holders of them and that any excuse to break them will be taken advantage of. Prohibitionists, too, are active in insisting that, with a scarcity of grain, as little as possible should be used in brewing. Difficulties have already been encountered in Ukiah with hop growers who have taken up the matter with the holders of contracts for their yield and they are not hopeful of encountering a very successful season.

3 BOYS DROWN IN CLEAR LAKE

San Francisco Lads Met Death Boating In Nearby Waters

Three San Francisco youths lost their lives in Clear Lake when a small row boat, with an outboard motor, is believed to have capsized in rough water at the lower end of the lake some time Monday. Two of the bodies were recovered Wednesday near Jones Bay, three-quarters of a mile southeast of Jago's Resort. The body of the third youth is still missing. The two bodies recovered were James R. Adams, 16, and Thomas J. Scanlon, 15. The missing youth is Donald Smithers, 15.

Had Run Away.

The tragedy climaxed a reconciliation of Donald Smithers and Mr. and Mrs. Frank W. Richards, his grandparents, who own a summer home at Lily Cove, near Clear Lake Park, after Smithers and his friend, Scanlon, had run away from their homes in San Francisco, April 4. Believing the youths had come to the Richards' summer home, the grandparents, accompanied by the third youth, James Adams, drove to Lake county Sunday. The two runaway youths were located and following an understanding talk, the boys decided to return to their homes.

Absence Not Reported.

The group remained over until Monday, when the boys decided to take a boat ride on the lake before departing for San Francisco and failed to make their appearance Monday evening. The grandparents did not report the fact as they were of the opinion the youths had gone ashore in a sheltered cove, as the lake was very rough, or that the youths again decided to run away. Tuesday the lake was calm and when no trace of the youths was found, the incident was reported to Sheriff Chet Antrim and Coroner Alden Jones. Deputy Sheriffs Raleigh Marr, Jr. and Babe Hale immediately started a search. The two bodies, each with life preservers, were discovered Wednesday. The search for the third body is being continued. The boat, badly damaged, was also found near Jago's by Game Warden Jack Sawyer. The motor was missing. An investigation conducted by the coroner and Dr. Edward A. Mackim fixed the cause of death as exhaustion. It is believed the boat was capsized by rough water and despite the fact all three are believed to have been wearing life preservers, the rough water made it impossible for them to save themselves. The two bodies were taken to San Francisco Wednesday.

In Old Haunts.

Jack Kinser came up from Oakland last week for a few days' visit and was accompanied by his wife. About 30 years ago Mr. Kinser was conductor on the local logging train and was one of our most popular citizens. From here he moved to San Francisco and was employed on the Belt Railroad until he was retired.

Illness Fatal.

James E. Sampson died at Howard Memorial Hospital following a week's illness. He had resided in Jackson Valley about a year and was afflicted with a malady that is almost always fatal but he worked in the woods up to the end. He is survived by his widow and four children.

The Load Shifted.

Vern Abbott, of Willits, met with an accident while taking a load of lumber south. It was not loaded properly and started to shift when Mr. Abbott reached a point about six miles south of town while going around turns. The binders broke, spilling lumber over the highway.

Escaped Luckily.

Ed Daskan, employed at a local garage, met with a painful accident while making some adjustments on a reconditioned motor he had installed in a car. The radiator cap blew off and the escaping steam and hot water struck Mr. Daskan in the face. He was taken to the hospital where his injuries were found superficial.

Held To Answer.

Ernest Elliott had his preliminary hearing in the justice court Thursday morning and Judge Fred Foord held him to answer in superior court. Mr. Elliott is charged with resisting an officer, mention of which was made in our last issue.

To Inspect Plants.

Mr. and Mrs. W. H. Casteel and Mr. and Mrs. Joel Casteel left last week on an inspection trip of the sawmills in Oregon and Washington. They will visit Longview, Seattle and other places to get pointers on producing lumber. They expect to build another sawmill in Willits but before they start intend to learn all about the latest and best methods.

REGISTRATION IS TO CLOSE ON APRIL 25

County Clerk Harry M. Burke calls attention to the fact the deadline for registration for the June primaries will be April 25. If those who are not registered expect to avoid a last-minute rush they should register at once. While registrations to date exceed those of a corresponding period two years ago, there still are thousands of persons whose names were cancelled by reason of failure to vote in either primary or general elections of 1944. Other thousands have moved in this county or came here from other states or counties. All must register to qualify for voting.

At Howard Hospital.

New babies at Howard Memorial Hospital last week were: A daughter born Mr. and Mrs. Carl Cunna, of Cummings. She has been named Barbara Jean; a son was born Mr. and Mrs. Thomas Jamison, of Ukiah, and has been named William Paul; a son was born Mr. and Mrs. Russell Ells.

Willits unit of the American Legion Auxiliary was honored by a visit from the District A. L. A. president, Mrs. Ellen Taylor, of Fort Bragg. Mrs. Taylor had a message of inspiration for all Legion and Auxiliary members. She was accompanied by three ladies of the Fort Bragg unit.

Marion Foster Wed.

Miss Marion Draper Foster, daughter of Mrs. W. A. S. Foster and who was born and raised at Northwestern, was married to Warren Peter Burr at the Cloverdale Congregational church at a ceremony at which only members of the family were present. Following the wedding a reception was held at the home of the bride's aunt, Mrs. Robert Foster. Miss Foster passed her girlhood at Northwestern when her father, the late W. A. S. Foster, was president of the Northwestern Redwood Company, the Bank of Willits and other corporations and the family was the most prominent of Willits residents. Her grandfather, the late A. W. Foster, was president of the Northwestern Pacific Railroad when it was extended to Willits. She is a charming young woman and was quite popular with our younger set when she resided here. For some years the family has resided in Sonoma county. The groom is a native of Los Angeles and attended the Los Angeles City College before entering armed service.

Veteran Gets Job.

George Peterson has been appointed local manager of a local oil company, a position that has been vacant during the war and which has been under supervision of the Ukiah branch. The business has increased to the extent a local man was needed to attend to it and as Mr. Peterson has been with the company more than 13 years and is familiar with most of the details, he was named. He has just been discharged from the armed service but before the war he was manager at San Rafael.

DEMOCRAT OPPOSES CONGRESSMAN LEA

(Lakeport Bee)

For the first time in many years, Congressman Clarence F. Lea has opposition on the Democratic ticket. Robert D. Goff, a young energetic Democrat of Marin county, has filed for the office. Attorney George Faulkner, Republican, has also filed against Mr. Lea on both tickets. Mr. Goff, a married man with two children, is a graduate of the University of Wisconsin, majoring in political science, national and international affairs. He plans to make a real campaign and has visited in every county in the district. During the war he was in the Marin ship yard, started working at the bottom and worked up to hull inspector. He is interested in Boy Scout work and was Scoutmaster for Mill Valley American Legion Troop. The Legion received the state Legion scouting award while Mr. Goff was Scoutmaster. School Play Was Enjoyed.

At the High School gymnasium building a very clever three-act comedy entitled "Girl Shy" was performed before a full house Friday evening, given by high school students. Stage setting, lights and sound were in charge of Bob Ehrman, Bill Karas and Jack Rhodes. Make-up was in charge of Mrs. Myrtle Schieber; costumes (loaned by Mrs. Cox), Mrs. Mildred Sierck; programs, Journalism class; curtain, Jack Rhodes; posters, Marilyn Jones; tickets, Mrs. Myrtle Schieber. This play was produced by special arrangement with The Dramatic Publishing Company of Chicago. The cast was as follows: Tom Arsdale, Jerry Harpe; Oke Stimson, Bob Ehrman; Caroline, Marilyn Jones; Anthony Arsdale, Jack Beasley; Sylvia Webster, Marian Stutsman; Dean Marlow, Ernest Abert; Peaches Carter, Marie Pinkerton; Asma, Claire Branson; Birdie Laverne, Barbara Hurlbut; Barbara Sanford, Edith Lortz; Alfred Tennyson Murgatoyd, J. D. Nix; Chuck Mayo, Roland Buckman.

The play was directed by P. W. McCully and written by Katherine Kavanaugh.

Acting Was Flawless.

It is difficult to say who gave an outstanding performance, as the entire cast was good each and every one of the pupils knew their lines and their acting was smooth and convincing. However, Barbara Hurlbut as "Birdie Laverne," brought down the house many times with her antics and funny sayings. Jerry Harpe, as "Tom Arsdale," and Bob Ehrman as "Oke Stimson," were also very good. Edith Lortz as "Barbara Sanford" had many lines to remember and her air of "the great actress disguised as a maid" was true to life. Marian Stutsman, Marilyn Jones and Marie Pinkerton (three very pretty girls) had their lines down pat and wore their attractive clothes with the ease only the wealthy seem to acquire. Claire Branson, as "Asma," the colored maid, was rivaled alone by Barbara Hurlbet in the comic sayings. She was truly fine. Roland Buckman as "Chuck Mayo," was a real roughneck, seeming to get the worst of it when he mistakenly kidnapped "Sylvia Webster" (Marian Stutsman).

Between acts the Girls Glee Club sang "Royal Minuet," by Ludwig van Beethoven. A solo, "Beautiful Dreamer," by Stephen Foster, was sung by Marian Stutsman. The cast wishes to thank all those who donated clothes and furniture so generously.

The ceremony was performed by Dr. Van der Las, of the Presbyterian church there. Miss Mildred received most of her education in the Hopland schools and has many close friends here who wish the newlyweds a world of happiness and success.

Caught Thief That Stole Meat.

There was a hushed air of excitement prevailing here Wednesday morning when word sped around that Metzler's Meat Market had been robbed of a leg of lamb and a large roll of lunch meat. However, the robber was soon rounded up as he was hiking north near Largo. His name was Ben Duran, and the thief was a former inmate of both Folsom and San Quentin.
